

Collector warns sellers against adulteration of drinks this summer

By TOI | Thursday | 12th April, 2018

He mentioned that the shops/ stalls serving puree and buttermilk should make sure the cup in which they serve is not rusted. Trichy: Collector K Rajamani on Wednesday warned manufactures and shop owners selling fruits, fruit juices and bottled/ packaged drinks of any kind of adulteration in their products this summer. He asked them to obtain the necessary certificates as per Food, Safety and Standards Act, 2006 from the food safety and drug administration department in Trichy. He also said that before purchasing taste and colour enhancers, they should check its Food Safety and Standards Authority of India (FSSAI) number, expiry date and the manufacturer's address. The collector urged them to keep their shops/ stalls in a hygienic manner. He also instructed them to not drink sarbath if it is found to be blue in colour. He asked people to bring their own vessel to get juice items packed.

FSSAI IN NEWS

Trichy: Collector K Rajamani on Wednesday warned manufactures and shop owners selling fruits, fruit juices and bottled/ packaged drinks of any kind of adulteration in their products this summer.He asked them to obtain the necessary certificates as per Food, Safety and Standards Act, 2006 from the food safety and drug administration department in Trichy.

He also said that before purchasing taste and colour enhancers, they should check its Food Safety and Standards Authority of India (FSSAI) number, expiry date and the manufacturer's address.The collector urged them to keep their shops/ stalls in a hygienic manner.

He mentioned that the shops/ stalls serving puree and buttermilk should make sure the cup in which they serve is not rusted.

He also emphasised juice shops to keep the ice trays clean and not expose fruits to sunlight and store them only in refrigerators.Rajamani also instructed them to keep the sugar away from water and serve drinks and juice items in stainless steel or glass tumbler.The collector also came up with a list of advisories for the general public too.

He asked people to bring their own vessel to get juice items packed.
