Jan 04, 2019

Food Safety and Standards Authority of India FSSAI has said food businesses need to comply with new packaging regulations that bar use of recycled plastics and newspapers to wrap food articles by July 1.

In a release yesterday FSSAI CEO Pawan Agarwal said the new packaging regulations would raise the bar of food safety in India to the next level.

The new regulations prohibit packaging material made of recycled plastics including carry bags for packaging, storing, carrying or dispensing articles of food.
