New Delhi: [Thermo Fisher Scientific Inc.](#) is intent to open a [Global Customer Solution Center](#) in partnership with Food Safety and Standards Authority of India (FSSAI) in [Ghaziabad](#), India. The new Food Safety Customer Solution Center will help the customers to make the world healthier, cleaner and safer, the company said in a statement.

"Today's announcement is a testament to our commitment in bringing world class food testing technologies to India. It helps us realize our mission of enabling our customers to make the world healthier, cleaner and safer," said [Amit Chopra](#), Managing Director, India and Middle East, Thermo Fisher.

According to FSSAI, collaboration will focus on development, training and support for next-generation workflows and integrated solutions across chromatography and mass spectrometry.

"The collaboration between the FSSAI and Thermo Fisher at the Food Safety Customer Solution Center in Ghaziabad will help us build new workflows for food safety testing, train our food centers of excellence, and help build capacity and expertise in the region," said [Bhaskar Narayan, Ph.D.](#), advisor of quality assurance, FSSAI.

Thermo Fisher's global strategic initiative is to open Customer Solution Centers in China, U.S. and Europe by mid-2019 which will focus on providing complete workflows to enable scientists to reach new levels of productivity and access to collaborative solutions to overcome unique analytical challenges, the company said.
