TRAINING SESSION ON IMPORT REGULATIONS OF INDIA

ITC-FSAN is a unique training facility that is a testimony for an international collaborative effort exemplifying the importance of partnerships and collaborations. The centre is established through an alliance between food regulatory bodies of India - viz., Food Safety and Standards Authority of India (FSSAI) and Export Inspection Council (EIC) - and Global Food Safety Partnership (GFSP), an initiative of the World Bank. The alliance marks the coming together of prominent stakeholders with a purpose to ensure global safety and nutritional quality of food in the supply chain.
