

Frequently Asked Question (FAQ) on FSS (Packaging & Labelling) Regulations, 2011

What is the meaning of “Class Name” referred to in labeling of flavors or flavoring agents under regulation 2.2.2(5) in the FSS (Packaging & Labelling) Regulations, 2011?

The term “Class Name” mentioned under regulation 2.2.2(5) in the FSS (Packaging & Labelling) Regulations, 2011 refer to the types of flavoring agents mentioned under sub-regulation 3.3.1 of FSS (Food Products Standards and Food Additives) Regulations, 2011. Hence in declaration of flavors on food products i.e. Natural Flavors and Natural Flavoring Substances, Nature-Identical Flavoring Substances, the class names should be either “Natural Flavors or Natural Flavoring Substances” or “Nature-Identical Flavoring substances”, as the case may be.
