

# FSSAI - ICMSF – CHIFSS Hands-on Training “Microbiological Sampling and Testing in Food Safety Management”

8<sup>th</sup> October 2018

Venue: FSSAI, FDA Bhawan, Kotla Road, New Delhi-110002

## Tentative Program Structure

Time	Topic/Scope	Speaker(s)
09:00 – 09.30	Registration	
09.30 – 09.40	Welcome Address	CEO-FSSAI
09.40 – 09.50	CHIFSS Roadmap	Nimish Shah (HUL, India)
09.50 – 10.00	Introduction to the workshop, speakers & participants	Leon Gorris (Unilever, NL)
10.00 – 10.30	Overview of Microbiological Sampling and Testing – India Perspective	Lalitha R. Gowda (Retired CSIR-CFTRI, Mysore)
10.30 – 11.00	ICMSF’s approach to useful testing and role of Microbiological criteria (MC)	Tom Ross (University of Tasmania, Australia)
11.00 – 11.30	Microbiological sampling and testing in food safety management	Marcel Zwietering (Wageningen University, NL)
11.30 – 13.00	Laptop-based exercises on basic statistics underlying sampling plans for microbiological criteria	Marcel Zwietering
13.00 – 13.30	Lunch	
13.30 – 14.15	Microbiological criteria: International situation and ICMSF advice for commodities	Leon Gorris
14.15 – 15.00	Examples and interpretation of the ICMSF sampling plan tool	Marcel Zwietering
15.00 – 17.00	Laptop-based exercises on sampling plan performance and discussion on MC examples	Tom Ross/Marcel Zwietering
17.00 – 17.30	Learnings and discussion on further capability building and forms of collaborations	Facilitated by Leon Gorris and Nimish Shah
17.30 – 18.00	Closing Remarks	CEO, FSSAI
	Vote of Thanks	CHIFSS
