Shri Pawan Agarwal, CEO, FSSAI briefed the members about the new format of the

agenda. He apprised the Members about the release of FSSAI's book on Transforming the Food Safety and Nutrition Landscape in India detailing the roadmap for the future of the Authority. He invited comments/suggestions from the Members in this regard. Further, he informed that beyond formulation of standards, testing and compliance, the Authority is undertaking several activities to fulfil its mandate for ensuring safe and wholesome food for the citizens, by focusing on the nutritional aspects of food. He updated members about the work on food fortification including the recent establishment of Food Fortification Resource Centre (FFRC) in collaboration with Tata Trust.

Item No. IV: Agenda Items

Agenda Item No. 23.1

FOOD STANDARDS -

- A. Approval of the New Regulation on Food Safety and Standards (Alcoholic Beverages) Regulations, 2017;
- a) Final Notification:
 - (1) Food Safety and Standards (Alcoholic Beverages) Regulations, 2017.

The following discussions took place:

(a) Ms. Meetu Kapur, former member of Authority and special invitee had concerns with respect to the exclusion of ready to drink beverages with low alcohol content, change in values in the attached Table and need for declaration of allergen warning, including display of non-vegetarian logo if any processing aid is of animal origin. It was explained that ready to drink beverages with low alcoholic content were covered in the regulations. It was also agreed to correct the values in the Table in which they have been erroneously entered due to typographical mistakes. With regard to labelling of processing aids of non-vegetarian origin, members were requested to provide instances of their use in alcoholic beverages as well as in other food products so that the implications of the proposed measure can be fully appreciated. It was decided to authorise the Chairperson to take a final decision in this matter.

- (b) Ms. Mousumi Roy, FICCI and special invitee pointed out that some special categories like tequila are missing in the proposed notification. It was clarified that these categories are already covered under pot distilled spirits. It was further clarified that issues pertaining to Geographical Indications are not included in these regulations as they would be covered under the relevant Act relating to Intellectual Property Rights.
- (c) It was decided to clarify apprehensions regarding the scope and coverage of the regulations through replies to FAQs on the website of FSSAI.
- (d) It was decided to implement these standards with effect from 1st April, in alignment with the requirement of Excise department.

It was noted that Hon'ble Delhi High Court in WP No. (C) 8962/2016 and WP No.(C) 2166/ 2017 has directed that FSSAI shall afford a hearing to the petitioners in respect of alcoholic beverages standards. Accordingly, the petitioners may be given a hearing and their comments/ suggestions be taken into consideration, as appropriate, along with the modifications detailed at (a) to (d) above, before finalising the notification with the approval of the Chairperson.

- B. Approval of Food Standards in respect of Food Safety and Standards (Food Products Standards and Food additives) Regulations, 2011;
- a) Final Notifications:
- (1) Milk and Milk Products;

The Authority noted that the proposal for final notification had already been sent to the Ministry after taking approval of the Chairperson. During discussions, the following observations were made:

(a) With regard to the standards of Ghee, it was pointed out that the parameter peroxide value of 0.6 (milli equivalent of oxygen/Kg fat) max. is not achievable in ghee having 3% Free Fatty Acid value, as prescribed in FSSR. Chairperson directed that this issue be re-examined and, in the meantime, notify the standards by retaining the existing provisions in regard to ghee. It

- was also suggested that India should submit a new work proposal for the revision standards for Ghee to the Codex Alimentarius Commission.
- (b) Ms. Meetu Kapur suggested retaining the existing categorisation of cream i.e. Low fat cream; Medium fat cream and High fat cream in the standards for Cream as products are made available in the market as per this categorization. Further, the milk fat content in Low fat cream was also suggested to be reduced to bring it in the range of 10 to 40 per cent. by weight in view of its reduction from the existing standards in the current proposal. Advisor (Regulations) informed that this matter had been discussed by the Scientific Panel on Milk and Milk Products who was felt that it would not provide any additional benefit to the consumer and would be useful only for business to business sale. Chairperson felt that labelling of fat content in cream would be informative and useful to the consumers. Both the proposals were agreed to by the Authority.
- (c) Further, Ms. Kapur suggested inclusion of 'added whey' in the description of the standards of milk powder and cream powder (sub-regulation 2.1.10) as it is an inherent part and the same was agreed to by the Authority.
- (d) Ms. Kapur also raised concerns over the reference to Additive Tables in the Standards. CEO suggested that the table relating to the additive functional class could be replaced by inclusion of generic reference to the additives regulations so that the use of additives in the present standards aligns completely with the respective Tables in the 'Appendix-A' of Food Safety and Standards (Food Products Standards & Food Additives) Regulations.
- (e) She also suggested that a note be inserted in the standards for milk to clarify that they would only be applicable at the points of sale. This was agreed to.
- (f) Further, it was suggested to have a single standard for buffalo milk which would be applicable across the country, as was done in the case of cow milk. This issue could be taken up later by the Panel.

With the above modifications, the Authority approved the final notification as

proposed.

(2) Non-Carbonated Water Based Beverages (non-alcoholic);

The Authority considered the agenda item and approved the final notification, as proposed.

(3) Fruit and Vegetable Products Notification dated 16.08.2016;

During discussions on this item, the following observations were made:

- (a) With respect to Tomato Juice, it was clarified that the same standards would also be applicable to Cold-pressed/ fresh tomato juice till such time that specific standards for Cold-pressed/ fresh tomato juice are notified.
- (b) With respect to Jams, Fruit jellies and Marmalades, Ms. Meetu Kapur suggested that the limit of Total Soluble Solids (TSS) be aligned with Codex. Accordingly, TSS for Jam would be 'not less than 65 per cent. by weight' and for jellies and marmalades 'not less than 60 per cent. by weight' which were agreed to by the Authority.
- (c) Regarding sizes, etc. of frozen beans, cauliflower, peas and spinach, it was decided that these may be finalised after getting comments from Ministry of Food Processing Industries (MoFPI) and CII within a week. These comments may be examined by the FSSAI and a final view taken with the approval of the Chairperson.

The Authority, after detailed deliberations, approved the final notification for Canned tomatoes; Tomato juice; and Jams, Fruit jellies & Marmalades with the above modifications.

(4) Fruit and Vegetable Products Notification dated 15.11.2016;

The Authority considered the agenda item and approved the final notification, as proposed.

(5) Cereal and Cereal Products;

The Authority considered the agenda item and observed that some issues with

respect to starch content, etc. of Tapioca Sago remained unresolved. It was decided to seek further comments from the concerned stakeholders, most of whom were from Tamil Nadu which may be examined separately and final view taken with the approval of the Chairperson before issuing the notification.

(6) Fish and Fisheries Products;

The Authority considered the agenda item and approved the final notification, as proposed.

(7) Food Additives Notification dated 25.10.2016;

The Authority considered the agenda item and approved the final notification, as proposed.

(8) Food Additives Notification dated 02.12.2016;

The Authority considered the agenda item and approved the final notification inprinciple. Ms. Meetu Kapur had some observations regarding harmonization of food additives standards with those of BIS and requested for one week's time to send comments. It was decided that after considering the comments and harmonizing the standards, the final notification may be approved by the Chairperson.

(9) Oils and Fats:

The Authority considered the agenda item and approved the final notification, as proposed.

(10) Inclusion of domestic rabbits (*Oryctolagus cuniculus*) under species of animal.

The Authority considered the agenda item and approved the final notification, as proposed.

- (20) Tempe;
- (21) Textured Soy Protein (Soy Bari/Soy Nuggets/ Soy Chunks/ Soy Granules);
- (22) Soymilk (Non-dairy);
- (23) Tofu;
- (24) Sago Flour;
- (25) Meat and Meat Products;
- (26) Adoption of Codex Standards on Fish and Fisheries Products;
- (27) Dry Mixtures of Cocoa and Sugars;
- (28) Honey;
- (29) Bees Wax;
- (30) Royal Jelly;
- (31) Dried Ginger Powder;
- (32) Mineral Water;
- (33) Addition of new provision of additives in FSSR (Food Safety and Standards (Food Products Standards and Food Additives) Regulations, 2011; and
- (34) Microbiological Standards for Meat and Meat Product.
 - (a) The Authority considered the agenda items as detailed above. Ms. Meetu Kapur had some observations regarding title 'Colostrum and Colostrum Products' and requested for one week's time to send comments which was agreed to by the Authority.
 - (b) After detailed deliberations, the Authority approved the draft notification except for (22) Soymilk (Non-dairy) and (23) Tofu as the word 'soymilk' is

contrary to the definition of milk and both these standards are not in Codex. Further, it was decided to request the concerned Scientific Panel to revisit the issue.

- C. Approval of Food Standards in respect of Food Safety and Standards (Contaminants, Toxins, and Residues) Regulations, 2011;
- a) Final Notification:
- (1) Limits of HCN in Sago.

The Authority considered the agenda item and decided to seek further comments from the concerned associations from Tamil Nadu within a week which may be examined in FSSAI and final view taken with the approval of the Chairperson issuing the notification.

- b) Draft Notification:
- (1) Limits of Aflatoxin in Arecanut.

The Authority considered the agenda item and approved the draft notification, as proposed.

- D. Approval of Food Standards in respect of Food Safety and Standards (Packaging and Labelling) Regulations, 2011
- a) Draft Notification:
- (1) Food Safety and Standards (Packaging) Regulations;
- (2) Food Safety and Standards (Labelling) Regulations; and
- (3) Food Safety and Standards (Advertisement & Claims) Regulations.
 - (a) Joint Secretary, Department of Consumer Affairs apprised the Members about the ongoing exercise for harmonizing the labelling requirements of the Legal Metrology Packaged Commodity Rules with FSSAI Labelling regulations. The Department required information on net quantity, MRP, Consumer Care details and date of expiry to be mentioned under the Principal Display Panel in the proposed regulation as per the Legal Metrology Packaged Commodity Rules. He also had some observations on the placement of Corrective Advertisement (sub-regulation 5) under FSS

(Advertisement and Claims) Regulations, 2017 and requested for time to send comments.

- (b) CEO proposed to add labelling requirements for genetically modified foods above a certain threshold which was agreed to by the Authority.
- (c) Ms. Meetu Kapur, CII had some observations on labelling regulations like tolerance limit of minimum10 % of the value of nutrient declared on the label and the requirement with respect to best before/ expiry date to which she was advised to send comments at the draft notification stage.

The Authority approved the draft notifications, as proposed.

- E. Approval of Food Standards in respect of Food Safety and Standards (Prohibition and Restriction on sale) Regulations, 2011;
- a) Final Notification:
- (1) Prohibition of sale of cream having less than 10 per cent milk fat.

Advisor (Regulations) mentioned that anything having less than 10 per cent milk fat cannot be termed as cream and suggested to delete the provision altogether from the regulations and the same was approved by the Authority.

- b) Draft Notification:
- (1) Removal of Boudouin Test requirement for Blended edible Vegetable Oil; and
- (2) Revision of Clause (3) of sub regulation 2.3.15- Special provisions relating to sale of vegetable oil and fat.

The Authority considered the agenda item and approved the draft notification, as proposed.

CEO mentioned about the mandatory requirements of certification from BIS and DMI (AGMARK) on certain food articles and proposed to constitute a small group to review the related provisions. Chairperson recalled that earlier Ministry of Consumer Affairs, Ministry of Agriculture and FSSAI were mandated with the task of regulating edible vegetable oil. DMI (AGMARK) certification is not mandatory. Directorate of Vanaspati under Ministry of Consumer Affairs has already repealed their rules. Proposal to constitute a group to review BIS/ AGMARK certification and

interface of FSSAI with BIS and AGMARK was approved by the Authority.

- F. Agenda items for ratification;
- a) Final notification on Food Safety and Standards (Approval for Non Specified Food and Food Ingredients) Regulation 2017.

The Authority noted that the proposal for final notification of the regulations had already been sent to the Ministry after taking approval of the Chairperson. Ms. Meetu Kapur had observations on definition of 'non-specified food'. In response Chairperson suggested to insert 'other than proprietary food' in the definition so as to allay the apprehensions of the food industry. With this modification the final notification on Food Safety and Standards (Approval for Non Specified Food and Food Ingredients) Regulation 2017 was ratified by the Authority. It was noted the comprehensive replies to FAQs may be needed to be posted on the website of FSSAI so as to allay apprehensions of food businesses about these regulations.
